

## **Declaration on substances in products manufactured by Hombli (a brand of Avanca International B.V.), according to Regulation (EC) No 1907/2006 Concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)**

18 October 2021

To whom it may concern,

Hombli (a brand of Avanca International B.V.) declares that, to the present and best of our knowledge and the information available to us from our suppliers, our products and product packaging do not contain any of the Substances mentioned in the Candidate List of Substances of Very High Concern (SVHC) for Authorisation published by ECHA, at a concentration above 0.1% w/w as valid at the date of signature. Our products comply with all applicable limits and/or conditions for any of the substances restricted in the entries under REACH Annex XVII.

Hombli (a brand of Avanca International B.V.) does not independently conduct analytical testing for REACH and the information in this declaration is based upon data from our supply chain sources, which is believed to be reliable and accurate. We are in constant communication with the supply chain to determine if any such substances are present in the products supplied to Hombli (a brand of Avanca International B.V.). Upon discovery of any article containing a SVHC or banned substance above the maximum concentration as defined in REACH, we will notify our customers.

In cooperation with our supply chain partners, we will regularly review the actual ECHA Candidate List for additions and will act accordingly in compliance with the REACH Regulation and its amendments.
